

# Mirca artshow in recognition of Malala Yousafzai,

August 29 to October 30, 2015

In cooperation with Kulturföreningen Lyktan, Mirca Art Group organized an art exhibition at Östra Gymnasiet, Trångsund, Sweden.

Malala Yousafzai, the Pakistani girl who was ordered killed by Taliban leaders for speaking out for girl's right to education. Malala survived the assassination attempt and we celebrate with this show her message to the world, her bravery and honor.

We support her struggle against the suppression of children's right to knowledge.

23 Mirca members, listed below, contributed artwork to the show.

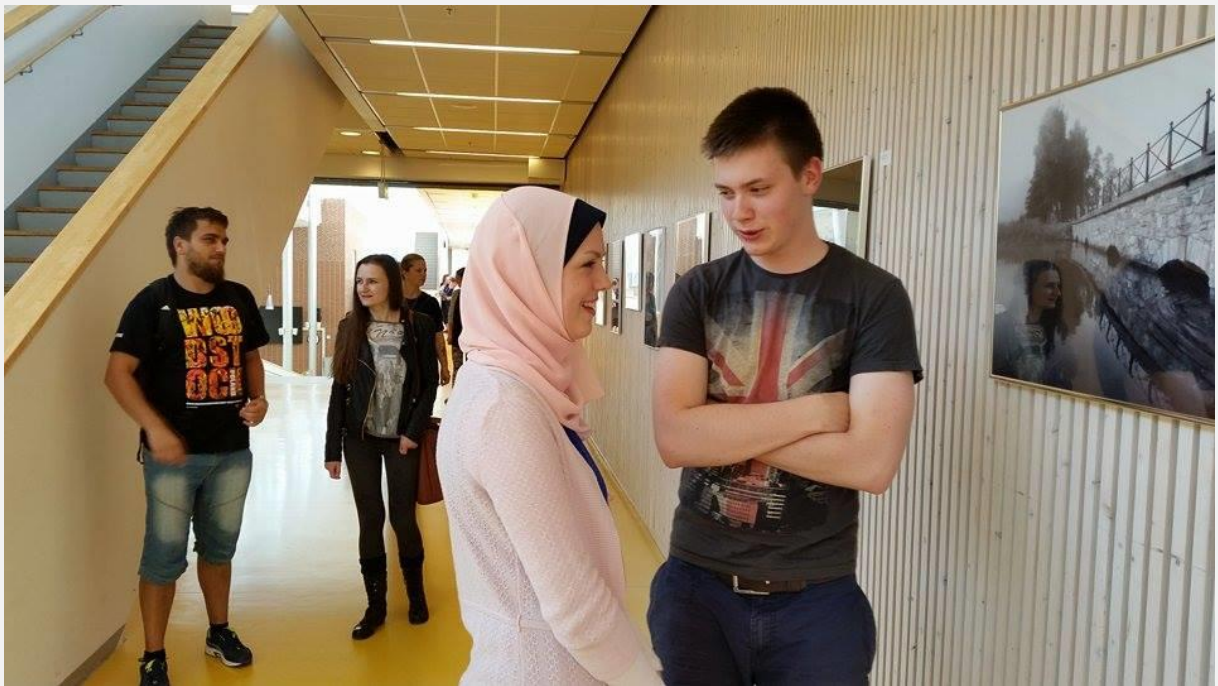

The opening also featured a concert performance by Maria Lindgren and Jerry Tunedal (see photos).
